Group:_____ **Proposal Title:**_____

CEVE 203 PROJECT Proposal EVALUATION SHEET (The criteria for evaluation require you to group features that have related effects.)

Criteria	Feedback	Score
Accessibility Was it easy to detect the purpose and organization of the talk through headings, consistent use of colors, an apt title, and headings that reinforced the points (not just topics, such as "method" or "background"? Were you able to see where you were in relation to the whole? Were words pronounced clearly without fillers and re-starting sentences?		___/15
Comprehensibility Did the proposal define the specific problem and tell why it was important? Did it explain the method the group was going to use? How well did the group show how its members' qualifications prepared them to investigate this topic? Nothing missing?		___/60
Interpersonal/Intercultural Effectiveness Did the team show personal excitement or enthusiasm for the topic? Did the document use familiar, engaging language and define any technical terms? Was the style consistent in perspective and professional in tone?		___/15
Usability Did the document respond to the assignment? Did it help the professor determine the topic's feasibility for the group?		___/10
